

Diary of a Fundraiser

2 Dear Diary,

13 I can't believe it; we've actually done it! Five bags of
24 sugar, five bags of flour, over 40 eggs and 480 tiny,
34 yellow ears! Not to mention all of the other ingredients.

45 Dad reckons that the house is going to smell like cake
57 for at least the next 30 years! I've got cake mixture in
69 my hair and all down my front but we've now got 240
77 Pudsey cupcakes ready for the sale tomorrow. Actually,
89 we've got 239; testing the taste is an essential part of the
93 baking process after all.

107 If I sell them all, Nan says that I will make over £100 for
111 BBC Children in Need!

112 Hassan

Quick Questions

1. Name one place that Hassan has got the cake mixture.

2. Why does Hassan only have 239 cakes left?

3. In 15 words or fewer, describe Hassan's day.

4. Find and copy one word from the text which means the same as **important**.
