

Butler's Hill School

Eco-Newsletter

Summer Term 2022 - Issue 2

**ECO
COUNCIL**

**ECO
COUNCIL**

Welcome to the second edition of our Eco-School newsletter. We have been very busy in school with assessments, but have still found time to do our bit to save the planet. I saw a fantastic Dinosaur advert during the trailers at the cinema, check it out at <https://youtu.be/3DOcQRL9ASc> Have a fantastic Summer, Mrs. Wallis ☺

We have been trialling collecting soft plastics in school. We have realised that so much of our rubbish can be recycled that wasn't being done before! The Eco-Council launched a competition to see which class could collect the most, and the winners were 2A—well done! We will no longer be collecting this in school, but please do continue to recycle soft plastics at home and take them to your local collection point. Many supermarkets do this, and I know Tesco, Co-Op and Morrisons definitely do! Thank you everyone.

On the last day before the May half term holidays, Butler's Hill held a fantastic school fair to celebrate the Queen's Jubilee. It was such a lovely occasion, and to link with this, we had an eco competition to make a boat linked to the Queen from a plastic bottle. It was fantastic to see so many amazing entries. Here are our winners, but everyone could have won a prize as they were all so creative! Well done to all who entered!

FOREST SCHOOL

We are trying to develop a Forest School area in the corner of the playground. Fundraising has helped to buy fencing for this area and we also have a brand new mud kitchen, kindly made by Mr. Plaskitt. The Eco-Council are looking forward to helping out with this area in the next few weeks and months. If you have any ideas for this area, or how you could potentially help out with the exciting project to develop it, please contact Mrs. Hallam.
